STANDARD HAS STRIKE

Employees at Whiting, Ind., Make
Initial Move.

IT MAY BE GIGANTIC

Company Refused to Advance Pay
of Firemen or Grant the Eight-
Hour Day or Recognize
the Union.

Chicago, Sept. 22.—Warfare between the Standard Oil company and labor unions has begun, says the Chronicle. The Whiting, Ind., employees of the company quit work to enforce their demands for an increase in wages. It is likely to assume gigantic proportions. It was predicted the strike might involve all of the employees of the company in the country and become a general one.

The Chicago men were wholly unprepared for the trouble, which started at Whiting, because of the fact that the employees there were not members of a union, but after a hasty conference it was said that they would support the men who went out and that no one from Chicago would take their places.

Three hundred firemen employed by the Standard Oil company left their places. More than 5,000 employees who were working with the firemen were scheduled to leave their places Monday. These include engineers, skilled mechanics, laborers and others, the officials of which said that they would refuse to permit the members of their organizations to work with new men who might be put to work in the places of the strikers.

The strike of the firemen was called because the representatives of the Standard Oil company refused to advance wages from 22½ cents an hour to 25 cents an hour and agree to grant to all of the workmen the eight-hour day. They also refused to recognize the union.

ARRIVE AT SEATTLE.

Thirty-One Members of Crew of a
Wrecked Vessel Get There.

Seattle, Wash., Sept. 22.—Thirty-one members of the crew of the wrecked whaler Alexander arrived here on the steamer Harold Dollar. The crew tell a story of hardships and suffering, having been thirteen days in an open boat and living on whale blubber during the entire time. The Alexander was wrecked during a fog at Cape Terry, near Banks Land, Aug. 12. The ship sank almost immediately and the crew had to take to the boats with very scanty preparations. When they were picked up by the whaler Herman the men were almost dead, and only the greatest care saved them. The Herman took them to Point Barrow, where the Dollar picked them up and brought them to this city.

DECLINES TO RUN.

Committee Is Appointed to Investigate
Charges of Bribery.

Philadelphia, Sept. 22.—D. Clarence Gibbons, City party nominee for district attorney, in a letter declined the nomination. The county convention for the nomination of three judges was held Friday night and the charge made by Mayor Weaver that certain delegates had been bribed to vote for Gibbons nomination laid before the assembled delegates. Mayor Weaver sent to the convention copies of eighteen affidavits made by delegates and others, three of which specifically charged bribery and attempted bribery. A committee was appointed to investigate the charges and the convention adjourned to meet at the call of the chair.

BARGE OF COAL.

Navy Department to Store Away
Twenty-Five Hundred Tons.

Washington, Sept. 22.—Naval officials do not intend to take any chance in the present emergency in the matter of a coaling supply for ships that may be needed for Cuban service. Therefore, they are looking around for a barge with a capacity of not less than 2,500 tons, which it is proposed to have moored at some convenient place near Newport News. The intention is to keep the large filled to its utmost capacity at all times.

SEVEN FATALITIES.

List of Injured Numbers at Least One
Hundred and Fifty.

Knoxville, Sept. 22.—There were seven fatalities by the Jellico explosion, says a special to the Sentinel. The number of injured is fully 150 and twenty were seriously hurt. Property loss is about \$500,000. Town will be rebuilt at once.

Savannah Theater Burns.

Savannah, Ga., Sept. 22.—Savannah theatre, said to be the oldest in the United States, being built in 1818, was destroyed by fire Friday night. Loss is estimated at \$75,000; insured.

Vagrants at Denison must work or
vamoose.

KIRBY ABOUT BAILEY

Lone Star Lumber Man Secured the
Senator's Services

BECAUSE OF ABILITY

Denies He Was Retained Owing to
His Prestige and Influence as
a Member of the Upper
House of Congress.

Houston, Sept. 22.—Friends of Senator Joseph W. Bailey are actively representing recent publications attacking his character. One of these published in certain Chicago, New York and Texas dailies Friday charges that John H. Kirby, president of the Kirby Lumber company, had not denied paying Mr. Bailey a fee of \$225,000 for assisting in the sale of \$3,000,000 worth of property. Mr. Kirby said:

"The statement that I employed Mr. Bailey because of his influence as a United States senator is false. I employed him to reduce my possession of the Kirby Lumber company treasury assets that certain Wall street interests were fraudulently trying to take from me. I employed Mr. Bailey because of his eminent ability as a lawyer and his knowledge of Texas statutes and court practice which enabled him to cope with the situation better than a New York lawyer could have done. The fee paid him was smaller than that would have been charged by the New York lawyer able to successfully represent me."

President Ripley of the Atchison, Topeka and Santa Fe wired here from Chicago: "The statement that Senator Bailey ever had any character of negotiation with us is untrue. All of our transactions with Mr. Kirby or the Kirby Lumber company were conducted by me and with Mr. Kirby person. I never saw Bailey in my life, and never knew that he was connected with Mr. Kirby or the Kirby Lumber company as an attorney or otherwise."

NOT IN NEWSPAPERS.

What Bailey Has to Say Will Be Upon
the Stump.

St. Louis, Sept. 22.—Senator Bailey of Texas arrived Friday from Washington on his way to Gainesville, his home. He declined to say anything regarding the movement of the Harris County Good Government Club of Texas to defeat his re-election.

"What I have to say regarding that," he said, "will be said when I get to Texas, and on the stump, not in the newspapers."

Senator Bailey also declined to talk about the suit of the state of Texas against the Waters-Pierce Oil company, which was filed by Assistant Attorney General Lightfoot at Austin to oust the company from the State and collect penalties aggregating \$5,000,000.

When asked if he had anything to say about the charge made by H. Clay Pierce in the Gruet suit, that he engineered the deal to reinstate the oil company in Texas after it had been ousted before, Senator Bailey said:

"You can just say that I refused to be interviewed on any subject. I am not talking politics any to-day. I am just here on my way home at Gainesville from Washington, and as the morning fast trains do not run to my home, I am compelled to stay in St. Louis until 8 o'clock to-night. My visit has no political or business significance."

DEMONSTRATION MADE.

Done to Show How Powerless Havana
Is Against Rebels.

Havana, Sept. 22.—A demonstration was made Friday by armed revolutionists within a mile of the scene of the peace conferences. General Acosta, with 800 insurgents, encamped at La Lisa, went of Minister Morgan's villa at Marianao, and half a mile eastward with rural guards and mounted guard. The Associated Press was told that the object of the insurgents in coming so close was to show Secretary Taft how completely Havana is in their grasp.

CONDITION OF CUBA.

It Is Declared Present Insurrection Can
Last Indefinitely.

Washington, Sept. 22.—The true condition of affairs in Cuba has been made known through advices received here of most authentic origin. These positively assert that the present insurrection can last indefinitely because of the fact that neither the insurgents nor the government is able to overthrow the other. All business interests, it is declared, want intervention, while the insurgents are opposed to it because they want offices and graft, which intervention would not bring. Trade is dead.

Thousands Attended.

Nashville, Sept. 22.—Between 25,000 and 30,000 people are attending the annual rally of tobacco growers of Tennessee and Kentucky at Guthrie, Ky. A barbecue and speechmaking were features. In the parade Saturday morning there were 1500 negro tobacco planters in line.

The Eagle has been asked by Mr. Lillebridge, the director, to announce that the first meeting of the Ladies' Choral Club of Bryan will be held on next Saturday afternoon at 4 o'clock at the Carnegie Library, and a full attendance of the members is earnestly desired.

Owing to the fact that casual driving about the Texas Woman's College has become annoying. The Eagle is asked by the college authorities to say that people are requested not to drive around the building at all, and to call only on business.

John M. Carson of Fort Worth, recently elected Treasurer of the A. and M. College, has arrived at College and will shortly enter upon his duties. His wife and little daughter will join him later on. Mr. Carson was in the city yesterday mingling with friends.

At the Baptist church tonight at 8:00 o'clock Dr. Hailey's subject will be, "The Search for Isaac's Wife;" text, "I will not eat until I have told mine errand." The young people are especially invited to hear this discourse.

The King's Daughters, now busy under the direction of their president, Mrs. J. M. Collier, with the pleasing task of furnishing the reception room of the Texas Woman's College, had a delightful entertainment with Miss Lillian Parks Tuesday afternoon and evening. A free will offering of \$13.15 was made.

Mrs. W. C. Davis returned yesterday from Galveston, where she attended the marriage of Mr. William Toles and Miss Olive Howard, which has been previously mentioned in the Eagle.

The Ahrenbeck Hardware Co., of Navasota, according to the Madisonville Meteor, has leased one of the store houses recently built on the new town site at Rogers Prairie, and will put in a store with Joe Wren in charge.

CUMBERLANDS MEET.

Those Oppose Union With Northern Presbyterians Convened At Dallas.

Dallas, Sept. 22.—At a meeting of those Presbyterians opposing merging with the Northern Presbyterians, held here, Rev. Dr. W. H. Berry of Weatherford, who preached the opening sermon, reviewed the history of the rise and work of his church, and declared it still to be an organization of power and influence, notwithstanding reports of mergers and junctions with other churches. He likened the organization to a star, which rose and remained for some time visible to the inhabitants of Dickinson county, Tennessee, his old home. He further declared, by way of comparison, that his church shall continue to rise in power until earth's millions shall be redeemed from the curse.

Reports were heard, reviews listened to and discourses entered into. By unanimous vote of the synod a special committee on litigation was named and empowered to look after all of the proposed litigation of the synod. This applies to Trinity university and to all of the educational and other church property. On this committee, by vote of the house, were placed Judge Pendergast of Marshall, C. W. McKinney of Dallas and W. W. Beall of Sweetwater.

The stated clerk, Rev. S. C. Lockett, was authorized, by vote of the synod, to make formal request upon the stated clerk of the synod of Texas of the Presbyterian church of the United States of America for all of the papers and records of the Cumberland Presbyterian church.

It was announced by the stated clerk that sixteen presbyteries were represented.

Rev. S. C. Lockett and Judge Pendergast made addresses. Mr. Lockett declared the Cumberland Presbyterian church was never more needed than she is today. Judge Pendergast spoke on pending legislation.

DEER DYING.

Black Tongue Is Causing Many of Them to Die.

San Antonio, Sept. 22.—In the northern part of Bexar county black tongue is causing the death of many deer. Their dead bodies are frequently found about the watering places. This disease is very fatal to deer, and seems contagious, and experienced hunters fear it may result in wiping out the deer in this section. Since the rigid enforcement of the game law deer have multiplied rapidly in this section.

CORN STATISTICS.

Increase in Acreage This Year Over Thirty-Five Per Cent.

Guthrie, Sept. 22.—Secretary of Agriculture of the Territory of Oklahoma McNabb estimated an increase in corn acreage of 35 per cent over last year. The average yield, he said, will be fifty bushels, or a total of 125,000,000 bushels. If this should hold good, also, throughout Indian Territory with an acreage of 2,000,000, it will give an even 100,000,000 bushels. This would be more than double the yield of last year for the two territories.

BOTH DEAD.

Duel Between White Man and Negro Proves Fatal to Each.

Tulsa, I. T., Sept. 22.—Jim Smith, a negro section foreman, and Frank McGlothlin, formerly a Federal officer, are dead as the result of a duel at Wekiwa, seven miles east of Tulsa. The shooting followed a dispute in Clem Brown's store, where McGlothlin was employed as a clerk.

SHOT SNAKE ON SUNDAY.

Preferred Paying Fine to Having Adder Bite Him.

New York, Sept. 22.—A Danbury, Conn., special to the Herald says Peter Zarcene, a youth, who shot an adder on Sunday about to attack him, was fined \$10 by Justice Scott for discharging firearms on the Sabbath. The justice said that he regretted that he had to impose the fine, and scored the law.

First Girl In Seventy Years.

Guthrie, Sept. 22.—Secretary Filson of Oklahoma has received a telegram from Kansas City announcing the birth of a daughter in the family of his son, Karl. This is the first girl born in the Filson family in seventy years.

Both Legs Cut Off.

Denison, Sept. 22.—J. W. Hawkins, a Missouri, Kansas and Texas brakeman had both legs cut off at ankle by Chockle, I. T. Hawkins was riding on the pilot of an engine and fell to the track. He was brought here.

Mrs. Ables Dies.

Terrell, Tex., Sept. 22.—Mrs. W. P. Ables, burned during destruction of her home, is dead.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C., Sept. 22.—Last bulletin gave forecasts of
disturbance to cross continent 19 to 23, warm wave 18 to 22,
cool wave 21 to 25. Next disturbance will reach Pacific coast
about 23, cross west of Rockies country by close of 24, great cen-
tral valley 25 to 27, eastern states 28. Warm wave will cross
west of Rockies about 23, great central valleys 25, eastern states
27. Cool wave will cross west of Rockies about 26, great central
valleys 28, eastern states 30.

Last part of September will be colder than I sometime ago
announced and some severe frosts may be expect farther south
than usual, probably touching the northern edges of the cotton
belt. Warm wave of this disturbance will not reach high tem-
peratures, while, in the northern states, the cool wave following
it will bring cold weather.

Last disturbance of September will reach Pacific coast about
28, cross west of Rockies by close of 29, great central valleys 30
to October 2, eastern states 3. Warm wave will cross west of
Rockies about 28, great central valleys 30, eastern states Oct. 2.
Cool wave will cross west of Rockies about October 1, great cen-
tral valleys 3, eastern states 5.

This disturbance will cause a great rise in temperature with
some increase in the force of storms, not much rain, and other-
wise about normal weather for the season.

Force or intensity of weather features will be greater than
usual immediately following Sept. 22, and temperature will av-
erage below the normal. Coldest part of the month will reach
meridian 90 not far from 27, a little earlier west of that line; a
little later east of it.

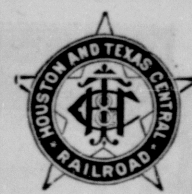

While the corn crop is below that of 1905 it is above the ten
year average. For Sept. 1 the government reports place the con-
ditions of Iowa corn 6 per cent above same time last year and
Ohio 9 per cent. Missouri is reported 11, Illinois 8, Kansas 2,
Nebraska 8, Indiana 4 per cent below. These seven states pro-
duce about all the surplus corn and the report indicates less sale
than in 1905.

The 60 days drouth in the corn belt, correctly foretold in
these bulletins, cut the grass and hay crop seriously and also the
oat crop, consequently live stock is in in poor condition and the
demands for corn will be much increased on the farms for feed.
The laws of supply and demand would require higher prices for
corn than in in 1905, but the greed of the great speculators de-
mands lower prices till they get all they want and then they will
let prices go up.

SCIENCE NOTES.

The weather bureau announces that their long range fore-
casts depend on whether the output of heat from the sun occurs
in regular periods. They just as well admit that their theory
is a failure. Force, not heat, comes from the sun and that force
is changed to heat after it reaches our atmosphere. As that sun
force is caused to vary by the movements of the planets the heat
generated in our atmosphere is extremely irregular.

I predict that within twelve months they will give up their
sun heat theory and accept planetary meteorology.

BY CARNES & WALLACE.

BRYAN, TEXAS, SEPTEMBER 23

Speak a good word for Bryan; sing it; shout it. Progress comes from effort and effort from enthusiasm.

That Hong Kong typhoon which destroyed ten thousand lives might find employment with the Russian terrorists who are getting so far behind with their work that they allowed one royalist—Gen. Tre-poff—to die a natural death.

Voliva has won out as boss of Zion City, and Dowie, aged and infirm, is said to be going back to Mexico.

American warships are gathering in Cuban waters, but the insurgents are still busy "insurg-ing." Mr. Taft seems to have a considerable job on his hands.

It now seems that the electric car line connecting Bryan with the A. & M. college is a sure thing. When Bryan starts after anything she never stops till she gets it. That is why she is such a good town.—Madisonville Meteor.

The Allen Academy of Bryan has had to purchase an additional building and increase its teaching force, and still it did not have

sufficient room to accommodate all the students who applied for admission.—Madisonville Meteor.

There is a war on among the circuses in Texas, and the small boy and the adult who must necessarily accompany him will doubtless be filled with joy thereat. Six circuses will be in the state this fall.

Here is a tip for Bryan from the Marlin Democrat:

The Marlin Press Brick Works are shipping brick to Austin now. The demand for the Marlin brick is greater than can be promptly met on account of the scarcity of cars. The brick made here are of a superior quality and therefore find a ready market.

Mayor Jas. B. Baker of Waco, president of the Brazos River deep water committee, has just written to Dave W. Baker, of this city and a member of the committee, that a meeting had been called at Navasota for some date in the near future, for the purpose of discussing the advisability of making the attempt to raise a fund in order to keep Mr. Montandon and his boat on the river. This boat is at present plying between Old Washington and Galveston, and has made several trips, hauling considerable cotton to Galveston from the lower end of the river. It is considered necessary to the future pursuance of the government work to keep some kind of craft moving up and down the river in order to show to congress our efforts toward assisting in the work, and also appreciation of the good already done by the national government.—Navasota Examiner.

Fall Opening of the New Styles for Men

This is the great Clothing event of the year—our advance showing of the new Fall and Winter models. As everyone knows who is at all posted on the subject, the new styles are very largely originated by the Schloss designers and later copied by others.

The present season is a good illustration. Now that our Fall stock is here, we can show you new advance models that will not be generally offered for at least two or three months.

It will pay you to see these splendid garments. Not only are you certain of the new style and the right style, but the quality, fit and incomparable workmanship of these garments are thoroughly exclusive characteristics. Furthermore we have very few duplicates and our best will be quickly taken. See them now; we will reserve your selection until later, if you so desire.

The New "Harvard" Sack

Fashions don't come from London and Paris any more—most of them are brought out at the great universities like Harvard, Yale, Princeton and other famous institutions.

Here is one of the best of the new designs for Fall—called the "Harvard" because the model came from there—well shown in the illustration. You'll find it just as correct for business wear in New York or San Francisco as it is on the Harvard campus. This is only one of our "University" Models—ask to see them.

Don't confuse this design with the ordinary "straight-fronts" that you may see. The similarity ends there. Little differences of line and shape and proportion, impossible to describe, give this "Harvard" Suit an unusual character and smartness specially brought out by the fine tailoring.

Our Schloss Suits cost from \$12.50 to \$25.00
Others \$5.00 up

THE NEW VISIBLE

At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivot bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

Here is a Short Description.

THE TYPE HANGER—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

TWO COLOR RIBBON—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

THE INTERCHANGEABLE CARRIAGE—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

PERFECT VISIBLE WRITING—The entire line is visible all the time.

THE KEY TENSION—The force required on the part of the operator to print a letter is only 2 1/2 ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

THE LINE LOCK—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

ALUMINUM KEY LEVERS—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

TABULATOR—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

TEXAS WOMAN'S COLLEGE NOTES.

Organization having been completed the previous week, the Texas Woman's College settled down to earnest work on Monday morning. New students have come in almost daily during the week and the dormitory is fast filling up.

Dr. Butler returns to his work with all his accustomed enthusiasm, and grows happier on the arrival of each new girl. Every one rejoices with him in the success that is crowning his almost superhuman labors last year.

Dr. and Mrs. Hailey have proved their true worth during these times of storm and stress, when owing to the cotton field, the servant problem is beyond solution. The college can never realize how these two are tiding it over the most critical time in its history by their great self sacrifice.

Misses Pulliam and Willeford after spending the summer doing special work in the University of Chicago and later in enjoying a rest among the lakes and in Canada have returned and resumed their work in the college.

Mie. Butel arrived Monday afternoon from her summer spent in study abroad and has arranged for her classes in art and modern languages. The college has met with a bit of rare

good fortune in securing so talented an artist for this department.

Prof. and Mrs. Lillebridge's departments are well filled owing to the fact that their reputation for high grade work was so well established last year.

Miss Hollis is heartily welcomed to the college circle by both teachers and students, who recognize in her great sterling worth.

Dr. Hailey's classes in oratory are fast making themselves heard in the world. With so able an instructor these classes are sure to make excellent records. Dr. Butler's Biblical Literature is also a very popular study, his classes being well filled.

Dr. Betts conducted chapel Friday morning and gave an interesting and instructive talk to the students. He is always a welcome visitor, and it is hoped that his visits will be frequent.

Having so large a campus, the girls are wisely devoting much of their time to athletics, basket ball, tennis and other games are finding enthusiastic devotees and fine records are expected as a result.

Dr. George R. Tabor of Austin, has offered a gold medal for three years for the young lady who keeps the neatest room in dormitory. The school has an enrollment of 82

which is highly gratifying to the friends of the institution. There are 32 boarding students whose names and addresses follow.

CORRECT CLOTHES FOR MEN
Parks & Waldrop

Men's Fall Suits

THE styles for men this season are the handsomest the designers have produced in years.

Smooth finished worsteds seem to have the lead, although soft finish velours will come in for a share of popular favor, checks and plaids will have the call with young men and for the more conservative dressers neat stripes and dark fancy patterns will be in demand.

The coats are made with broad lapels and rather close fitting in the waist, either with or without center vent, wide stitching is also a feature of this seasons clothes--the trousers are about the same as last year, rather loose fitting in the thigh.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

JOCKEY KILLED.

Another One Sustained a Fracture of His Skull.

New York, Sept. 22.—Jockey Bertrand Freishon was instantly killed and Jockey C. Ross sustained a fracture of the skull as a result of an accident in the fifth race at Gravesend Friday. The fifth race was a selling affair for three-year-olds and upward, at a mile and a quarter, and drew out a field of ten starters. Freishon had the mount on Joe Levy, C. Ross on Louis H. and G. Burns on Sonoma Belle. These three horses were last away from the post and trailing their field. As the field was making the paddock turn, and in full view of the grand stand turn Joe Levy, who was on the rail, crossed his legs and fell, and in falling bumped into Sonoma Belle, causing her to fall. Louis H. who was directly behind Joe Levy, stepped on Freishon, crushing him and falling over Joe Levy. G. Burns sat up in the middle of the track, while Freishon and Ross never moved. Freishon was seventeen or eighteen years old, and was a native of New Orleans.

Sweet Marie Succeeds In Establishing a New Mark.

Columbus, O., Sept. 22.—Sweet Marie, before one of the largest crowds ever gathered at the Columbus track, Friday afternoon succeeded in not only lowering her own record of 2:03 3/4, but in establishing a new trotting mark for the course. Her mile in 2:02 flat is a quarter of a second better than the time made here by Crescius in 1901, when he became the champion trotter of the world. Sweet Marie was accompanied by a runner alongside, but there was no wind shield to help her. Fractional time, \$30, :29 3/4, :30 1/4, :32.

ROOT AT PANAMA.

National Assembly Met In Special Session In His Honor.

Panama, Sept. 22.—Secretary Root landed from the cruiser Charleston Friday. He was received at the railroad station by Mayor Ossa, the members of the municipal government and all the prominent natives and foreigners. The streets were crowded with people anxious to show their good feelings. Secretary Root called upon President Amador. The national assembly met in special session in honor of the visitor. Secretary Root delivered a speech, which won for him the high regard of all who heard it. Mr. Root said the United States, the first nation which recognized the republic of Panama, would always retain a keen interest in the preservation of Panama's independence.

DID NOT DIE.

Mr. Elliott Has Opportunity of Reading His Own Obituary.

Dallas, Sept. 22.—A. Graham Elliott, Jr., who was reported to have died at Atlantic City, did not do so, but is recovering from an attack of malarial fever. The following telegram came to Dallas Friday, addressed to Mr. Elliott's office:

"Via Atlantic City, Long Port, N. J., Sept. 20, 1906.—Fidelity Mutual Life Insurance Company, 408 Wilson Building, Dallas, Texas: Mr. Elliott is dead since eleventh. Please write concerning collections, or any matter of importance. (Signed.) Mrs. A. G. Elliott, Jr., 11:47 p. m."

The word "dead" had been accidentally substituted by a Western Union Telegraph company operator for the words "in bed." The message was received by Mr. Elliott's private secretary, who naturally notified his friends in Dallas. Within a short time numerous telegrams of condolence were sent to Mrs. Elliott, and some of the friends went so far as to order flowers by wire in Philadelphia.

Later, the following came to Mrs. Gravette, his secretary: "Philadelphia, Pa., Sept. 21, 1906.—Mrs. L. A. Gravette, 608 Wilson Building, Dallas, Texas: Mr. Elliott is rapidly recovering and requests that you contradict reports of his death. (Signed) A. McKnight, 4 p. m."

Mr. McKnight is vice president of the Fidelity Mutual Life Insurance Company, with headquarters in Philadelphia.

Saturday morning a correction of the first message was received in Dallas, and Manning Shannon received a telegram from Mr. Elliott's father-in-law stating there was nothing in the report of Mr. Elliott's death.

The various organizations Mr. Elliott is connected with were preparing to adopt suitable resolutions.

INSANE STATISTICS.

Interesting Figures About Unfortunate Persons In Texas.

Austin, Sept. 22.—Superintendent R. M. Worsham of the state lunatic asylum has submitted his biennial report to the governor. It shows the total population to be 1,171, of which 642 are males and 547 females. During the two years fifty-seven have died.

The Pasteur part of the report is very interesting. It shows 254 cases were treated and only two deaths occurred. Patients treated were 226 from Texas, twenty from Indian Territory, four from Oklahoma and one each from Arizona, Arkansas and Kansas. One hundred and ninety-nine cases were caused from dog bite, twenty by skunks and twelve from house cats. Receipts were \$2,410 from Pasteur department and disbursements \$1,039. The success of this department is very gratifying.

MUCH MAIL.

Comptroller's Department Handled Thousands of Pieces.

Austin, Sept. 22.—The comptroller says that during the year ending Aug. 21 his department handled 97,622 letters and pieces of mail, an increase over the previous year of 10,771. This does not include what was received from banks and express offices locally. All told, the department handled 115,000 pieces of mail. This shows the great volume of business of the department.

Considerable talk is indulged here in political circles of running Hon. Chilton for United States senator. His name is being frequently mentioned as a suitable man for the place now held by Senator Bailey.

Representative Blanton of Cooke county was here and announced that he intended to pass his pure food bill during the next session of the legislature.

GROUND TO PIECES.

Body of H. B. Sanders Rolls Some Distance on Track.

Fort Worth, Sept. 22.—H. B. Sanders, a young white man, a Santa Fe section hand, was ground to death under the wheels of a freight train. He was going to work and boarded the switch engine. He slipped and fell, the wheels passing over his body and rolling it quite a distance along the track. It was so mutilated as to be hardly recognizable.

A big real estate deal was consummated here. Marion Sanson of this city sold his 20,000-acre ranch in Midland county to D. C. Giddings of Bonham, Texas, for \$70,000.

TWENTY RAIDED.

Sheriff and Forty Deputies Swoop

Down Upon Establishments.

Lawton, Sept. 22.—By order of District Judge Gillette and upon the report of the grand jury investigation Sheriff Hammonds and forty deputies made a simultaneous raid upon twenty or more saloons and gambling houses of this city Friday night, seizing about \$15,000 worth of gambling paraphernalia. No resistance worth the name was made to the raid of the officers. No less than fifty gamblers have left the city since the raid.

IMMENSE CARGO.

One of the Most Valuable Shipments to Leave Galveston.

Galveston, Sept. 22.—The Leyland line steamer Irak will take from Galveston to Liverpool 23,000 square bales of cotton, valued at \$1,250,000. This is one of the largest and most valuable shipments ever sent from this port.

Cassatt Has Whooping Cough.

Philadelphia, Sept. 22.—President Cassatt of the Pennsylvania railway has whooping cough, contracted from grandchildren.

PEONAGE CONVICTIONS.

Motion For New Trial Overruled and Defendants Sentenced.

Cape Girardeau, Mo., Sept. 22.—Judge Pollock overruled the motion for a new trial of the parties convicted of peonage and pronounced sentence as follows:

Charles M. Smith, three years and six months in the penitentiary at Fort Leavenworth, Kan., and a fine of \$5,000 and costs.

Charles M. Smith, Jr., two years in the penitentiary and a fine of \$5,000 and costs.

Ben Stone and Ben Fields, each one year and six months and \$100 fine.

W. Lee Rogers and William Woods, each two years and six months and \$100 fine.

Floyd Woods, two years and six months and \$100 fine.

James Smith and Rex Smith were acquitted.

RECTOR LONG TIME.

Rev. Dr. Nevin Resided Thirty-Seven Years at Rome.

City of Mexico, Sept. 22.—Services over the remains of Rev. Dr. Nevin, who died here Thursday were held Friday under the auspices of the local G. A. R. post at the American hospital. This was in recognition of the fact that he had served in the United States army as a major. For thirty-seven years he had been rector of the American Episcopal church at Rome, Italy. He was born in 1839 at Allegheny, Pa. He served in the civil war in a Pennsylvania regiment, and at the close was mustered out as a brevet major. The body has been embalmed for shipment to relatives at Lancaster, Pa. Dr. Nevin was a close friend of Bishop Potter of New York.

WHAT ASBERT SAYS.

If Peace Is Not Made by Palma All Property to Be Attacked.

New Orleans, Sept. 22.—A dispatch from Havana gives a signed statement by an insurgent leader, General Ernesto Asbert, in which he says if peace is not made by the Palma administration the revolutionists propose to attack "all property in order to precipitate American intervention. This we will do," Asbert continued, "because we are absolutely certain the present government of the United States does not aspire to annex our youthful republic since President Roosevelt, who personally helped to destroy the Spanish regime, has an ambition to be guardian of our liberties, and now, as before, will lend disinterested efforts to the work of justice which we support."

Two More Arrive.

Havana, Sept. 22.—The cruisers Minneapolis and Newark arrived Saturday.

ARMOUR'S BUSINESS.

Swift & Co. Said to Be Negotiating For It.

New York, Sept. 22.—A report has gained currency in the provision trade, according to the Journal of Commerce, that Swift & Co. are negotiating for the business of Armour & Co., J. Ogden Armour, now head of the latter company, being desirous, it is said, to quit the turmoils of business and take a more active part in society life. It is understood that the recent outcry against the packing industry was very distasteful to Mr. Armour. He has an ample fortune, is already prominent in society and has no need to continue to trouble with the now turbulent affairs of the packing trade. The corporation of Armour & Co. was formed in 1900 to take over the entire business of the firm of Armour & Co., which was established by Philip D. Armour in 1860. The company's issued capital is \$20,000,000.

BRYAN AT BIRMINGHAM.

Cheering in Bijou Theater Almost Equalled an Ovation.

Birmingham, Ala., Sept. 22.—There was a parade in Hon. W. J. Bryan's honor here, followed by a luncheon at which covers were laid for 300. The Bijou theater was jammed to hear him speak. He said he favored effective regulation of railroads, but if the law could not be applied, then government ownership. The applause Mr. Bryan received was nearly an ovation. Mr. Bryan addressed workmen at Gelder's hall. He and Mrs. Bryan were dinner guests of Colonel and Mrs. J. W. Tomlinson.

BOMB EXPLODES.

Tore an Enormous Hole and Broke All Windows in Vicinity.

St. Petersburg, Sept. 22.—The suburb of St. Petersburg adjoining the Narva gate was shaken Friday by the explosion of a powerful bomb, thrown by one of three well dressed men, and which tore an enormous hole in the ground and broke all the windows in the vicinity. There was no loss of life. The bomb throwers disappeared before the arrival of the police.
